Dear Dr. Henney,
I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food. I request that the agency's current policies be changed, and I support all the points in docket #00P-1211\CP1
All GE foods should be labeled so I am informed and have a choice. GE foods should not be assumed to be Commissioner Jane Henney
"generally recognized as safe" and should have mandatory pre-market safety testing to determine the long-term impacts to human health and the environment. Docket No.009-1211/CPJ 19 FDA Dockets Management Branch (HFA-305) (HFA-305) 5630 Fishers Lane, Room 1061
